Carthage University (CU) held on December 8, 2022 its third workshop in cooperation with Tunisian industrial sector of computer engineering and information technology. The workshop aims to have their feedbacks on the whole program on Cyber physical Systems and to discuss partnership with them to provide internships to students in MS@CPS. Academic staff at CU with Tunisian industrial partners in the field of computer engineering and embedded systems attended the meeting. The meeting included a presentation given by Dr. Bchira Ben Mabrouk, Dr. Haykel ben Frej and Dr. Radhi Yazidi. The presentation is an overview of the whole program of MS@CPS and examples of previous proposed master thesis projects and defenses days. The representatives of the local companies contributed by providing their suggestions and notes according to their experiences. Finally, both sides agreed to hold further meetings in the future to sign partnership agreements.
